SCHOLARSHIP OPPORTUNITY

Background

Makerere University Biomedical Research Centre Limited (MakBRC) is a Centre of Excellence in the school of Biomedical Sciences, College of Health Sciences, Makerere University.

MakBRC has been invited to nominate a candidate within the institution to be considered under the capacity-building program for government-affiliated institutions coordinated by the Petroleum Authority of Uganda for one year.

Eligibility

A candidate to be nominated for the said program is required to have secured admission for a study program or training opportunity of formal training at the postgraduate level (Master's degree program).

Requirements:

- written application
- Proof of admission to a postgraduate (preferably a master's degree program)
- An updated resume

Eligible applicants should address their application, Ag. Managing Director, Makerere University Biomedical Research, and submit the same in hard copy to room C35, 2nd floor, Pathology building not later than 25th July 2022.
