JOIN THE HANDS-ON WORKSHOP ON QUALITY MANUSCRIPT WRITING

Background

The AFREhealth Eastern Africa Regional Chapter invites you to participate in an interactive virtual workshop on quality Manuscript Writing.

Dissemination of research findings is one of the cornerstones of a good researcher. A key avenue for many researchers to disseminate research findings is through publications.

The workshop will capacitate researchers and academicians with best practices, methodologies, and technology-powered tools to produce high-quality academic and grant-based manuscripts.

This is part of AFREhealth's efforts to support and increase publication output from its members
